<i>How do I know which pass I'm on?</i>	38
<i>How do I DELETE a pass/all passes?(2 methods)</i>	38
<i>How do I know I am in Pass or Pattern Mode?</i>	39
<i>How do move a Pass?(3 methods)</i>	39
<i>How do center a Pass?</i>	40
<i>How do rotate a Pass? (2 methods)</i>	40
<i>How do I resize a Pass?</i>	41
<i>How do I fit a Pass to the workspace?</i>	43
<i>How do I flip a Pass on the workspace?</i>	43
<i>How do I change the direction of sewing in a Pass?</i>	43
<i>How do I see whether or not there are any jumps/no sew lines in a Pass?</i>	43
<i>How can I give a pass a new name in the program so I can recognize it?</i>	44
Single Pattern Basics	44
<i>How do I know which pattern I have selected?</i>	44
<i>How do I select a pattern in a pass? (2 methods)</i>	44
<i>How do I move a pattern in a pass? (3 methods)</i>	45
<i>How do I rotate an individual Pattern? (2 methods)</i>	46
<i>How can I flip a pattern that is part of a pass (from Layout Mode)?</i>	46
<i>How can I give a pattern that IS NOT part of a pass a new name in the program so I can recognize it?</i>	47
<i>How can I give a pattern that IS part of a pass a new name in the program so I can recognize it?</i>	47
Multiple Pattern (in the same pass) Basics	48
<i>How do I line up a row of patterns in a pass?</i>	48
<i>How do I evenly space patterns in a pass?</i>	48
<i>How do I evenly space and line up patterns in a pass that runs top to bottom?</i>	48
<i>How can I reorder sewing order of motifs in a pass (UNMERGED pass only)?</i>	50
<i>How can I "fix" a MERGED PASS so that I can work on the individual patterns again BUT keep them in the same pass?</i>	50
Preview and Templates	51
<i>How do I tell whether I have jumps/no sew lines in my pass?</i>	51

How can I see how my pass or pattern will sew? (two methods) 51

How do I create a tracing pass AND how do I use it? (three methods)..... 52

How can I accurately place passes that are unusually shaped? 54

How do I use templates?..... 54

How accurate are templates? 54

Chapter 3 – Edge to Edge Perfection..... 55

Summary..... 55

Notes on Sewing Edge to Edge Patterns 55

The Most Common Mistakes..... 55

Fabric Grain of Backing 55

What is the maximum height to sew an edge to edge pattern effectively?..... 56

Laying out a Simple Edge to Edge Quilt 56

How do I fit ALL the passes to the quilting area?..... 56

How do I make an “edge to edge” pattern less dense on the quilt after I have finished resizing ALL the passes to the quilting area? 56

How do I layout a SIMPLE edge to edge quilt? 57

How do I setup where to place my needle on the quilt for sewing an edge to edge design? (3 methods)..... 59

How do I create visual interest/variety in a non-interlocking edge to edge design?..... 61

How do I layout and sew a design that is deeply interlocking? (Using Repeat Pass) 62

How do I calculate a fixed index for the Compuquilter?..... 64

How do I layout a design has a stagger/50% offset (alternating passes)? 64

How do I layout design that is interlocking and has a non-standard stagger/offset?..... 64

How do I keep my edge to edge patterns from shifting to one side or the other on the quilt (splitting passes)? 65

How can I sew two rows at once – one left to right and then the next right to left?..... 67

Chapter 4 – Motif Magic, Fun Frames & Terrific Triangles..... 69

Summary..... 69

Motifs..... 69

How do I insert and line up and evenly space multiple motifs in a single pass? 69

How do I insert a MOVE (PC Quilter only)? 70

<i>How can I string motifs together in a single pattern yet make sure they will all line up with the center of their respective blocks?.....</i>	<i>70</i>
<i>How to Use “jumptest”</i>	<i>73</i>
<i>How can I split a motif to sew it in two halves?</i>	<i>73</i>
<i>How do I move the location of the first pattern point on a closed motif?.....</i>	<i>74</i>
<i>How can I set up a motif to do roll/reroll?</i>	<i>74</i>
<i>How do I create a setting triangle from a motif?.....</i>	<i>75</i>
<i>How do I create a corner triangle from a ‘square’ motif?.....</i>	<i>76</i>
<i>How do I create a Closed Motif if I get a message about sewing direction when I try to select the segment on the Edit Jumps tab?</i>	<i>77</i>
<i>How do I combine motifs to create a continuously sewn block? (Automated method)</i>	<i>77</i>
<i>How can I create a continuously sewn border from a motif or motifs? (Two methods).....</i>	<i>78</i>
<i>How can I use the WREATH function to create stunning motifs from simple ones?</i>	<i>80</i>
<i>How can I use the echo to make the motif more interesting?.....</i>	<i>81</i>
Frames	81
<i>How do I create a simple polygon frame?</i>	<i>81</i>
<i>How do I create a polygon frame from a pattern?</i>	<i>82</i>
<i>How do I create a circular frame made up of motifs?</i>	<i>83</i>
<i>How do I create a simple circle frame?</i>	<i>83</i>
<i>How do I create a circular frame from a pattern?</i>	<i>84</i>
<i>How do I create a simple frame to fit a block from triangles or corners?.....</i>	<i>84</i>
<i>How do I accurately clip the center of a motif to create a frame around an object?</i>	<i>85</i>
<i>How do I create a frame that can easily be adjusted for differently shaped objects?</i>	<i>85</i>
Dealing with Triangles	85
<i>The Basic Problem – Measuring a Triangle</i>	<i>85</i>
<i>How do I measure and create SETTING triangles to fit ‘perfectly’ in a block?.....</i>	<i>86</i>
<i>How do I measure and create a CORNER triangle to fit ‘perfectly’ in a block?.....</i>	<i>87</i>
<i>How do I draw a triangle to use in a complex layout?.....</i>	<i>89</i>
Chapter 5 – Borders: Basics and Beyond	91
<i>Summary.....</i>	<i>91</i>

Orientation vs. Chunking..... 91

Basic Border Types – Pluses and Minuses 92

Butted Border..... 92

Cornerstone Borders (plus Terminators and Bridges)..... 92

Continuous Border 93

Mitered Border..... 93

Floating Borders (and Corners and Bridges)..... 94

Important Terms 94

Border Components/Concepts 95

Setting up Your Workspace to Create a Border 95

Measure and Measure Again 95

If You Want it Centered - SEW FROM THE CENTER..... 95

When NOT to Chunk..... 95

Splitting and Merging (Chunking) – the Basics..... 96

Using Orientation and Turning Your Quilt..... 96

Mirroring a Pattern 97

Better Border Basics 97

Working with Floating Elements..... 98

Super Simple #1 – Butted Borders..... 98

Super Simple #2 – Cornerstone Borders (with Terminators) 98

Super Simple #3 – Butted Borders with Half Repeats (Faux Mirroring) 99

Super Simple #4 – Fixing a Pattern to Help Make a Better Border (Terminators on the Fly)..... 99

Super Simple #5 – Faux Mitered Corners Using Butted Borders and Half Repeats..... 99

Super Simple #6 – Borders Using Patterns with Special Terminators 99

Modifying Patterns to Create Simple Connecting Corners..... 100

Sewing a Continuous, Connecting Border 100

Chapter 6 – ‘Tweaking’ Patterns and Passes: the Editor & More	107
<i>NEW Key Feature – DOUBLE ‘S’</i>	107
<i>Summary</i>	107
<i>Exercise in Editing Points – Part 1</i>	107
<i>Exercise in Point Editing – Part 2</i>	108
Pass & Pattern Manipulation	112
<i>How can I change the PASS numbers so they are numbered in the order I want to sew them?</i>	112
<i>How can I adjust spacing between passes I have already placed on the workspace without necessarily resizing the passes?</i>	113
<i>How do I delete only SOME pattern points?</i>	114
<i>I am having problems selecting a specific segment in the editor. Why? And how do I do it?</i>	114
<i>How do I move an individual pattern point?</i>	114
<i>How do I move a group of selected pattern points?</i>	114
<i>How do I ADD points when there aren’t enough?</i>	114
<i>How can I reverse sewing only a section of a pattern – I get a gap because lines don’t cross?</i>	115
<i>How can I check the size of OR resize a pattern or pass in the Editor?</i>	115
<i>How can I resize PART of a pattern or pass in the Editor?</i>	115
<i>How can I create a “snippet” of PART of a pattern or pass in the Editor that I can reuse later?</i>	116
<i>How can I Cut and Paste PART of a Pass?</i>	116
<i>How can I flip or rotate PART of a pattern or pass in the Editor?</i>	116
<i>How can I add something I drew (or another pattern) to the Middle of a Pass?</i>	116

How do I create PERFECT over stitching without dragging ONE point at a time? 117

How do I create a corner from a border? 117

How do I decide WHERE to put a start point, courtesy jump or registration jump? 117

How can I smooth, trim or automatically add pauses to PART of a pass? 118

Why should I use AutoPAUSE even though my system doesn't support it? 118

How much smoothing should I do (what do the settings mean)?..... 118

How much trimming should I do (what do the settings mean)?..... 118

Remembering Scale 118

How can I tell if I have the right number of points?..... 119

How do I use the skew feature? 119

Using Arcs – Curved Text and Passes (the Wrap Pass Wizard)..... 119

Using Arcs with Other Types of Passes 120

Chapter 7 –Manipulating Jumps & Clipping..... 121

Summary..... 121

JUMP BASICS 121

Closed vs. Open Objects and Jumps..... 121

The Behavior of Closed Objects When Eliminating Jumps..... 122

JUMP PRACTICE 122

Eliminating jumps in CLOSED OBJECTS Automatically..... 122

Eliminating jumps in CLOSED OBJECTS Manually..... 123

Eliminating jumps in OPEN OBJECTS Automatically..... 123

Eliminating jumps in OPEN OBJECTS Manually..... 123

Why can't I eliminate those last couple of jumps?..... 123

How do I clean up after jumps? What points do I remove?..... 123

Jump Techniques: Creating a previously disconnected “star” (open objects) with perfect over stitching. 124

Jump Techniques - ADVANCED VIDEO – replacing over stitching in a pattern...... 125

Using Clip	125
<i>How do I clip a hole when the hole spans multiple passes?</i>	125
<i>How do I make a clipped pattern easier to edit to get rid of extra jumps?</i>	127
<i>How do I accurately clip a hole to go around appliqué or embroidery?</i>	127
<i>How do I use the new ADVANCED clipping features?</i>	128
Chapter 8 – Exploring Complex Layouts	129
<i>Summary</i>	129
Overview of Recommended Techniques	129
Multi-colored Designs	130
<i>Multi-Color Basics – Statler Stitcher</i>	130
<i>Systems that require user interaction before jumping</i>	131
<i>Systems that support Courtesy/registration jumps but always “auto jump”</i>	132
<i>How can I make the lines more accurate for color changes, things always seem a bit off?</i>	133

Chapter 9 – Catalogs, Customer & Billing Basics	141

Summary..... 141

What is your recommendation for billing customers? - The customer experience. ⌘0901 141

How can I e-mail a customer a layout? ⌘0902..... 141

How can I SORT my designs? 142

How can I make it REAL easy to find a design I own? ⌘0903..... 142

How can I print a catalog of the designs I own (or send a customer a selection of patterns)? 143

What is the thumbs .pq file and why is it in all my folders?..... 143

How can I use the Thumbnail browser more efficiently?..... 143

Why does it take so long for Thumbnails to load? 143

What is your recommendation for storing projects? 144

Chapter 10 – The Light Table and Drawing 145

Light Table Basics 145

What type of images can the Light Table use?..... 145

My Light Table Image comes in the wrong color, how can I fix it? (Changing formats) ⌘1001..... 145

Changing the image to grayscale for the Light Table? ⌘1002..... 145

What SIZE should the image be for the Light Table? ⌘1003..... 146

How should I photograph a quilt for the Light Table?..... 146

How should I photograph PART of a quilt for the Light Table? 146

What method creates the BEST Light Table images quilts or parts of quilts? 147

How do I adjust the Light Table Image in Pro-Q? ⌘1004 147

How can I fix a Light Table Image that has too much white space or “junk” in it? ⌘1003 147

How do I get rid of the Light Table image? ⌘1004 147

How do I use my Light Table image for doing work around an appliqué or other odd shaped area? ⌘0420 147

Drawing Basics..... 148

How do I draw a straight line?..... 148

How do make a sharp turn when drawing?..... 148

How do I prevent the little squiggle of points I get at the end of EVERY drawing?..... 148

How do I add a jump to a drawing?..... 148

<i>How do I save in the middle of drawing?</i>	148
<i>How do I change passes when I am in the middle of drawing so I can put the new pattern in the right pass?</i>	148
